

<b>Date</b>	<b>Location</b>	<b>Speaker</b>	<b>Title</b>	<b>Host</b>
18.01.2019 15:00	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Christoph Josi</b> Institute of Veterinary Bacteriology, Vetsuisse Bern	PhD defense: Cellular and Molecular Interactions of <i>Mycoplasma bovis</i> with Bovine Epithelial Cells	Internal Speaker
24.01.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Dr. Nicole de Buhr</b> Department of Physiological Chemistry & Research Center for Emerging Infections and Zoonoses (RIZ), Research Group Infection Biochemistry, University of Veterinary Medicine Hannover, Germany	Role of neutrophil extracellular traps in infections of animals and humans	Prof. Jörg Jores
31.01.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Prof. Cornelia Bergmann</b> Lerner Research Institute, Cleveland Clinic Foundation, Cleveland, Ohio, USA	CNS cell type specific IFNa/b receptor ablation during neurotropic coronavirus encephalomyelitis	Prof. Volker Thiel
6.02.2019 13:30	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Michael Quinta Brillhante</b> Institute of Veterinary Bacteriology, Vetsuisse Bern	Mid-term presentation: The use of next generation sequencing technologies to unveil the nature of antibiotic resistance	Internal Speaker
7.03.2019 16:15	Hörsaal Bremgartenstrasse, Bremgartenstrasse 109, Room 020	<b>Prof. Ernst Peterhans</b> Emeritus Professor Virologie, Vetsuisse Bern	The King, the Duke, three Popes: BVD Virus Reveals 600 Years of History in Switzerland	Prof. Volker Thiel
12.03.2019 10:00	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Julia Bruggisser</b> Institute of Animal Pathology, Vetsuisse Bern	Mid-term presentation: Cell targeting by <i>Clostridium perfringens</i> beta-toxin: It's all about vascular Pecam1	Internal Speaker
12.03.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Melle Holwerda</b> Institute of Virology and Immunology, Vetsuisse Bern	Characterization of Influenza D virus – host interactions in the respiratory epithelium	Internal Speaker
14.03.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Bettina Trüeb</b> Institute of Veterinary Bacteriology, Vetsuisse Bern	PhD defenese: Host-pathogen interaction and underlying genetics of porcine mycoplasmas	Internal Speaker

21.03.2019 16:15	Hörsaal Bremgartenstrasse, Bremgartenstrasse 109, Room 020	<b>Gordana Panic</b> Imperial College London, UK; Swiss Tropical and Public Health Institute (STPH) Basel	Metabolic profiling for schistosomiasis, infant cohorts and bovine mycotoxicosis	Prof. Britta Lundström- Stadelmann
28.03.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Marta Lewandowska</b> Institute of Virology and Immunology IVI, Vetsuisse Bern	Mid-term presentation: Exploring species tropism of zoonotic Flaviviruses <i>in vitro</i>	Internal Speaker
11.04.2019 15:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Dr. Saša Štefanić</b> Nanobody Service Facility (NSF), Institute of Parasitology, Universität Zürich	Nanobodies, versatile tools for research, diagnostics and therapy	Prof. Britta Lundström- Stadelmann
18.04.2019 14:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Dominic Ritler</b> Institute of Parasitology, Vetsuisse Bern	Mid-term presentation: Bullets against <i>Echinococcus multilocularis</i> : screening-based drug discovery and omics-based target identification	Internal Speaker
16.05.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Prof. Isabelle Dimier-Poisson</b> ISP, INRA, Université Tours, Nouzilly, France	Toxoplasmosis: new hope for vaccination	Prof. Andrew Hemphill
23.05.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Prof. Gilles Prévost</b> Institut de Bactériologie, Université de Strasbourg, France	Staphylococcal bi-component leucotoxins, pore- forming and leuco-toxins or not only?	Prof. Horst Posthaus
28.05.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Silvio Steiner</b> Institute of Virology and Immunology (IVI), Vetsuisse Bern	Mid-term presentation: Investigating the role of stress granules as an antiviral defense mechanism	Internal Speaker
21.06.2019 13:30	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Ana B. García-Martín</b> Institute of Veterinary Bacteriology, Vetsuisse Bern	Mid-term presentation: New insights into molecular mechanisms of antibiotic resistance in <i>Brachyspira</i> <i>hyodysenteriae</i>	Internal Speaker
7.08.2019 10:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Dr. Karin Troell</b> Department of Microbiology, National Veterinary Institute, Sweden	<i>Cryptosporidium</i> in beast and men	PD Dr. Philipp Olias

7.08.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Melanie Brügger</b> Institute of Virology and Immunology (IVI), Vetsuisse Bern	Mid-term presentation: Involvement of the mesenchymal compartment of the lung in respiratory syncytial virus pathogenesis	Internal Speaker
12.09.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Prof. Isabella Anne Eckerle</b> Centre for Emerging Viral Diseases, University of Geneva, Switzerland	Zoonotic viruses and pandemic threats – Risk assessment of the unknown	PD Dr. Gert Zimmer
26.09.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Prof. Norbert Tautz</b> University of Luebeck, Institute of Virology and Cell Biology, Germany	Alternative protein interactions as switch between RNA replication and virion morphogenesis – lessons learned from a persisting RNA virus	Prof. Volker Thiel
11.10.2019 15:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Dr. Monika Bokori-Brown,</b> University of Exeter, Biosciences, Exeter, UK	Unlocking the molecular secrets of <i>Clostridium</i> <i>perfringens</i> epsilon toxin	Prof. Horst Posthaus
24.10.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>PD Dr. Markus Hilty</b> Institute for Infectious Diseases (IFIK), University of Bern	Pig farming shapes a specific human microbiota composition	Prof. Charaf Benarafa
31.10.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Tamara Szentiványi</b> Department of Ecology and Evolution, University of Lausanne, Lausanne / Museum of Zoology, Lausanne	The tripartite interactions between bats, ectoparasites and microparasites	External speaker
14.11.2019 16:15	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>PD Dr. Marcel Müller</b> Institute of Virology, Charité-Universitätsmedizin Berlin, Germany	Functional diversity of MERS- and SARS- Coronavirus: What've bats got to do with it?	Dr. Stephanie Pfänder
21.11.2019 13:00	Hörsaal Paraklinik, Länggassstrasse 122, Room 303	<b>Basma Tarek</b> Institute of Animal Pathology, Vetsuisse Bern	Mid-term presentation: Identification of host factors involved in <i>Clostridium perfringens</i> beta toxin mediated damage in endothelial cells	Internal Speaker
